

# Welcome

TO THE GREATEST ADVENTURE NATIVITY TRAIL!

You have signed up for the time of your lives, I hope you're ready to follow the star to discover the amazing news!

There is a map to follow, which shows you which direction to head to reach the next star - but keep your eyes peeled - there will be extra stars to spot along the way. See if you can count how many stars there are along the way!

These are the stars you're looking for...

When you see a house with one of our special stars outside, and a beautiful display in the window, scan the QR code and watch the video of the next part of the adventure. By the end you will have discovered the most amazing news!

If you aren't able to play the videos, there will be a transcript available as well, so that you can read the story.

The best way to embark on this adventure is to join us at 2pm on Wednesday 22nd! We will be walking the route as a group and meeting some of the live characters from the nativity! There will also be songs and treats to enjoy along the route.

But this isn't all - come along to our Children's Carol Service on Friday 24th at 3-4pm, to discover more!

*Enjoy* EMBARKING ON THE ADVENTURE
